## LUSITANIA IS SUNK BY A SUBMARINE TODAY

GOES DOWN AT 2:33 THIS AFTERNOON  
SOUTHWEST OF OLD HEAD  
OF KINSALE.

### NUMBER SAVED IS UNKNOWN

Latest Reports Received at Liverpool  
State All Passengers of Giant  
Cunarder Were Saved.

BEGAN ASKING HELP AT 2:33

"We Have a Big List, Rush Help,"  
Flashed Through the Air—Fish-  
ing Fleet to Her Side.

### BULLETIN.

(By United Press.)  
LIVERPOOL, MAY 7.—AT 5:36  
CUNARD LINE MANAGER SAYS  
THAT THE LUSITANIA WAS  
SUNK BY A SUBMARINE.

HE RECEIVED THE FOLLOW-  
ING WIRELESS FROM OLD HEAD  
OF KINSALE AT 5:49 O'CLOCK.

"THE LUSITANIA WAS SUNK  
BY A SUBMARINE AT 2:33 THIS  
AFTERNOON EIGHT MILES  
SOUTH BY WEST OF OLD HEAD  
OF KINSALE."

### BULLETIN.

LIVERPOOL (MAY 7.—AT 5:36  
THIS AFTERNOON THE AUTHO-  
RITIES DECLARED THEY WERE  
WITHOUT ANY FURTHER DE-  
TAILS OF THE SINKING OF THE  
LUSITANIA. THEY STATED  
THAT IT WAS NOT KNOWN HOW  
MANY HAD BEEN SAVED.

(By United Press.)  
London, May 7.—The steamer  
Lusitania which sailed with passeng-  
ers, many of whom were Americans,  
was either torpedoed or blown up by  
an infernal machine while off Old  
Head of Kinsale at 2:33 this after-  
noon. The latest reports received  
here say that all of the passengers  
were saved.

Sinking of the Lusitania was the  
hardest blow of the war to date so  
far as neutral commerce was con-  
cerned. The reports received here  
are fragmentary, but all agree that  
the big liner began calling for help  
by her wireless at 2:33. The first to  
pick her up was the wireless station  
at Lands End. The appeal was  
urgent.

"We have a big list, rush help,"  
flashed through the air and immedi-  
ately orders were sent to the nearest  
point to get every available craft to  
the scene.

The fishing fleet from Kinsale was  
early on the scene and immediately  
began the work of taking on board  
passengers from the big liner. It is  
understood that the Lusitania's own  
boats were used to care for the pas-  
sengers. On all of her recent trips  
these boats have been swung over-  
side and their covers removed ready  
for any emergency and it is probable  
that to this precaution may be due  
the salvation of the passengers.

The first word reaching London of  
the plight of the Lusitania, was an  
unconfirmed rumor received at the  
general offices of the Cunard line. It  
is said that the big steamer was in  
trouble. The line officials made it  
public and promised to keep the  
public informed from time to time.

There was much excitement. There  
had been grave doubts that the Ger-  
mans were in earnest when they  
threatened to attack the passenger-  
carrying liners. The sinking of the  
Falaba had been considered the final  
act of this kind and when it was  
realized that the biggest passenger  
liner in commission had fallen victim  
to the war, London was aghast.

## SAY CHINA HAS YIELDED

Special Dispatches From Pekin De-  
clare War Is Averted.

(By United Press.)

London, May 7.—Special dis-  
patches from Pekin say that China  
has yielded practically all of the Jap-  
anese demands and that only de-  
tails now remain to be worked out.  
The dispatches say that this will  
surely prevent war between China  
and Japan.

## DANIEL BROWN HAD A NARROW ESCAPE

Overcome by Smoke Today When  
Home of His Daughter Near  
Anderson Catches on Fire.

### HE WAS FINALLY REVIVED

Daniel Brown, a well known resi-  
dent of this city, had a close call  
from death this morning, according  
to word received here by relatives,  
when the country home of Mr. and  
Mrs. Melvin Rector, one and one-  
half miles south of Anderson, burn-  
ed to the ground. Mrs. Rector is a  
daughter of Mr. Brown and he was  
there visiting. According to the in-  
formation sent here, the house was  
in flames before the family was  
aroused and Mr. Brown was carried  
from the house unconscious.

All of the occupants were more or  
less injured from the effects of the  
smoke and in was some time before  
Mr. Brown regained consciousness.  
On account of his advanced age, it  
was feared at first that he might not  
revive, but later regained conscious-  
ness. Mr. and Mrs. Rector only re-  
cently moved to near Anderson. Will  
L. Brown, a son of Daniel Brown,  
went to Anderson this morning.

## S. L. TRABUE IS NAMED PRESIDENT

Board of Directors of Rush County  
Chamber of Commerce Selects  
New Officers.

### DUES ARE ALSO REDUCED

Samuel L. Trabue was elected  
president of the Rush County Cham-  
ber of Commerce by the board of di-  
rectors last night. Other officers  
elected were H. G. Hackman, first  
vice-president; W. O. Fendner,  
second vice-president; E. R. Cas-  
ady, third vice-president; L. L. Al-  
len, fourth vice-president; Wilbur  
Stiers, treasurer. The vice-presidents,  
president and treasurer constitute  
the executive committee, which trans-  
acts the routine business of the or-  
ganization.

The board decided to reduce the  
dues from one dollar a month to  
twenty-five cents a month, payable  
quarterly. The new rate is to be  
effective from December 1 and all  
members who are paid in advance of  
that date will be credited in advance  
at the new rate. Members whose  
dues are not paid to December 1 will  
be asked to pay up to that date at  
the old rate so that all will be on an  
equal footing.

Mrs. J. W. Zumwalt entertained  
the Laughlot club yesterday after-  
noon at her home north of the city.

## RAIN HOLDS UP THE EVENT HERE

Because of Wet Track High School  
Track and Field Meet Set For  
Tomorrow is Postponed.

### PROBABLY NEXT WEDNESDAY

Oratorical Will Not Take Place Un-  
til Night of Athletic Event—  
Entries Received.

The annual track and field meet  
and oratorical contest of the Cen-  
tral Indiana High School League,  
which was to have been held here  
tomorrow, has been postponed until  
next week, probably Wednesday, be-  
cause of the heavy rains which have  
made the track at the fair grounds  
so muddy that it would be impossible  
to hold the track and field meet.

This morning Superintendent  
Scholl had been in communication  
with four of the five high schools  
entered and they all agreed to post-  
ponement until next Wednesday. It  
was thought that the fifth high  
school, as soon as informed of the  
conditions here, would make it unan-  
imous. The full list of entries has  
been received here and is as follows:

## GERMANS WORE FRENCH UNIFORM

Rushville Women Note Strange Cir-  
cumstance While on German  
Sea Raider at Norfolk.

### SAILOR'S DON ENEMY'S SUITS

Mrs. J. P. Guffin and Mrs. Will Dill  
See Interesting Things on Way  
Home From Washington.

Mrs. J. P. Guffin and daughter,  
Mrs. Will Dill, who are just home  
from Washington, D. C., where they  
attended the national congress of  
the D. A. R., made several side  
journeys on their way back and saw  
several things of interest, not the  
least of which was the Prinz Eitel  
Frederich, the celebrated German  
sea raider which has been interned  
at Norfolk.

The Rushville women were taken  
for an inspection of the German  
converted cruiser. A very striking  
thing they noted was that the Ger-  
man sailors were dressed in the uni-  
forms of the sailors of a French  
ship which the Germans had sunk.  
The caps the German sailors wore  
bore the name of the French ship.

Following a visit with relatives at  
Washington, Mrs. Guffin and Mrs.  
Dill took the vessel Southland to  
Norfolk. In the ship yards there  
they saw several large ocean vessels,  
the largest of which was the Balti-  
more. They were allowed to inspect  
it.

They crossed the river to St.  
Helena and attended the Dewy May  
day exercises. A part of the pro-  
gram there was a sham battle in  
which two thousand men participa-  
ted.

The Rushville women went to  
Newport News, where another Ger-  
man sea raider and destroyer was  
interned. The name of that vessel  
was not recalled. They visited at  
Old Point Comfort and taken all  
through Fortress Monroe. While  
they were there, the battleship Wy-  
oming came in for coal.

While it lay there, visitors were  
allowed to go over it at will. Mrs.  
Guffin and Mrs. Dill went aboard  
and the first sailor they spoke to  
was a young man from Anderson,  
Ind. He wanted to show them over  
the ship but was on duty at that  
time.

## PEACE IN EAST IS ASSURED NOW

### Group of Five Japanese Demands

Withdrawn and China Accepts  
Others Which Were Made.

### SEVEN ARTICLES IN DEMAND

(By United Press.)

Tokio, May 7.—Peace between  
Japan and China was assured today  
when article five of the Japanese de-  
mands most obnoxious to China and  
other powers was officially with-  
drawn.

Group five of the Japanese de-  
mands, according to the text handed  
the Chinese government in February,  
contained seven articles providing  
for Japanese advisors in Chinese  
political, financial and military af-  
fairs and other comprehensive con-  
cessions. With this important con-  
cession by Japan and the reported  
acceptance by China of Japan's other  
demands, peace seemed certain.

## SEEKS FOR NEW MEMBERS HERE

Representative of Columbia Club  
Works on Campaign to Make it  
Political Factor.

### OF STATE-WIDE IMPORTANCE

Number of Republicans Here Join  
and Others Are Expected to  
Help the Cause Along.

E. B. Reynolds, of Columbus, Ind.,  
is here for the purpose of interesting  
Republicans of the city and county  
in the state-wide campaign for new  
members which the Columbia Club,  
of Indianapolis, is carrying on with  
great vigor. Mr. Reynolds has ob-  
tained several new members and is  
expecting to add twenty or twenty-  
five from this vicinity.

Mr. Reynolds can not complete his  
cavass here this week and will re-  
turn to Rushville next Monday. It  
is planned by the members and offi-  
cers of the Columbia Club to make  
it a factor in Indiana politics and  
an organization that shall be state-  
wide in its scope.

The erection of a ten-story addi-  
tion to the present home of the Co-  
lumbia Club has been determined on  
and tentative plans are being made  
now. Work on the addition, which  
will adjoin the present club building  
on the rear, will be begun as soon as  
the preliminaries can be arranged.  
The addition will be constructed of  
Bedford stone or terra cotta in Ital-  
ian renaissance style, harmonizing  
with the present structure. It will  
be triangular in shape.

The plans to enlarge the club-  
house are in keeping with the aim  
of the present administration to  
make the club one of the most pow-  
erful Republican organizations in  
the United States. To attain this  
end a membership campaign is be-  
ing waged which has for its object  
an addition of 5,000 new members,  
3,000 of whom will be scattered  
throughout Indiana.

On the top floor will be the main  
dining room, fifty feet wide and sev-  
enty-five feet long. The main kit-  
chen will adjoin this on the far corner  
of the building, according to present  
plans.

Practically the only changes in  
the old building will be to the lobby  
which will be made larger. The ele-  
vator will be removed from the  
present place and put in the center  
of the building, practically on what  
is now the rear wall.

Offices, private rooms and card  
rooms will make up the first floor of  
the new building and the space now  
taken up by cigar stand, checkroom  
and staircase will be set aside for  
the new lobby which will be made

**COCOANUT OIL MAKES A SPLENDID SHAMPOO**

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

#### Speak a Good Word.

When the stranger enters your gate, speak a good word for your town, for your neighbors, for the community.

It is but little for you to do, but it is rich in the fruits of after years.

A community is judged by the words and the acts of its people, and we of this community are judged by others in like manner.

If the hearts of our people are warmed by the fires of comradeship and brotherly love our acts will be in accord with our feelings, and the world will know us as a community of honor and integrity, as a people with a soul, as a place worthy of a future.

But if we loose the floodgates of criticism and abuse and belittle the community and its people, then in time we will descend to a level which we create for ourselves, and the world will know us as a people whom it is well to let alone.

Everyday we are adding new rungs to the community ladder, but are they going up—or down?

## OBSERVANCE IN SCHOOLS ASKED

County Superintendent Receives  
 Letter From State Superinten-  
 dent About Mother's Day.

### AND IN INTERESTS OF PEACE

Opportunity of the School to Devel-  
 op Immortal Principles is Un-  
 paralleled Official Says.

County Superintendent George has received a letter from Charles A. Greathouse, state superintendent of public instruction, suggesting that exercises be held on a day in May in the interest of motherhood and the preservation of peace. The letter follows:

"In harmony with the custom of previous years and in support of a firm conviction that the very foundation of a wholesome national life depends upon respect for parents reverence for home, and loyalty those principles and lines of conduct that promote a true sense of justice and an earnest recognition of the rights of others, I am addressing this letter to school officials in Indiana, inviting suitable observance of some day or portion a day in the month of May, in the interest of motherhood and the home, and the preservation of national and international peace."

"Daniel Webster once said: 'If we work upon marble it will perish; if we work upon brass time will efface it; if we rear temples they will crumble into dust; but if we work upon immortal souls, if we imbue them with immortal principles, with the just fear of God and love of fellow man, we engrave upon those tablets something that will brighten all eternity.'"

"The opportunity of the school to develop these immortal principles of kindness, sympathy and unselfishness in home and national life is unparalleled. Will you not kindly acquaint the schools in your county, that are still in session, with this request and assist in making this occasion fruitful in its instruction and its influence upon patrons as well as pupils?"

 "Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect."

### SHEENEY AUG IS PLAYING THIRD

Fans Here Are Acquainted With at Least One Member of the Cambridge City Team.

#### HARD GAME FOR RUSHVILLE

Dr. Littell Announces His Lineup and Says Team is Coming to Win—Expect Large Crowd.

In the Cambridge City line up for the game Sunday will be seen one face familiar to the fans here. That is "Sheeney" Aug, who one time played third base for Rushville. Aug is playing third for Cambridge City. Aug is a good third baseman and is heavy for the comedy stuff. He is a good fielder but a hitless wonder.

Cambridge City will line up as follows: Striker, right field; Williams, second base; Yockey, short stop; Winger, first base; Henniger, catch; Baumgartner, left field; Lichendahl, center field; Mollencamp or Numa, pitch. Dr. Littell of Cambridge City is confident that this lineup will beat Rushville. In the lineup are several good ball players and many of them have had league experience. Cliff Kockey, who is playing short for Cambridge has been out several seasons and is considered a clever shortstop.

Dr. Littell will probably start Mollencamp in the box. If Mollencamp is right the Rushville team is likely to have some difficulty in connecting with the ball. A large crowd of Cambridge City rooters will accompany the team here and the fans can expect a real ball game. Rushville will play only the best of teams during the year and the Cambridge City team may come a little too early for the Rushers, but win, lose or draw the Rushers will be in the game all the time.

These Rushville team will use the regular lineup as follows: Hellmund, center field; Cordes, left field; Rohe, third base; Geyer, right field; Sandman, first base; Schlenker, second base; Hasselback, short stop; Goodfellow, catch, and Vordenburg or Dacy, pitch.

In the short time that the team was seen in action last Sunday the fans know that Rushville has a real ball team. The team is composed of hitters and best of all the team has the baseball knowledge. In George Rohe, at third base the team has a most valuable man. Rohe formerly played with the Chicago White Sox and won the worlds series for his team in 1906. With Rohe and the other old heads the team should play some wonderful inside baseball before the season is far advanced. The game Sunday will start at 2:15 and one of the largest crowds of the season is expected at the Cambridge City team is a good attraction.

### HAVE NOT LOST FAITH IN GIANTS

Despite Poor Showing Of McGraws Team Fans Are Willing To Withhold Judgment Until Later

#### SPRING TRIP RESPONSIBLE

Encounters Bad Weather At Marlin And Pitchers Were Not Ready Yet When Season Opened

BY HAL SHERIDAN  
(Written for United Press.)

New York, May 7.—New York fans are indulging in heated arguments over the all important and absorbing question of whether the cause of the Giants poor condition can be traced back to the training camp. It would seem, for appearance anyway, that this is at least a contributory cause, for while the formed diamond idols of New York fandom have been limping along the baseball highway the Yankees have been within walking distance of the top of their league on quite a few occasions. The Yankees' performances indicate that their severe spring training is showing in the position they occupy in the standing of the clubs of the American League.

In all the winter league "dope" the Giants were rated as sure contenders for the big flag right from the start of the season. Then came the spring training period and from the sport scribes traveling with McGraw's men came glowing accounts of the Giants being in the pink of condition. However, when the Giants returned to their old home town the baseball fans soon saw that there wasn't even a shadow of color in the former champions playing condition.

Of course the Giants had a big bunch of hard luck at their training quarters, wet grounds often kept them for days without regular field practice at Marlin and a warm sunny day was a rarity. Hotel armchair practice don't help much in the grand old game. Of the month spent in the sometimes sunny south less than one third of this time was really baseball weather. And not even these days which could be called ideal baseball days were bunched near enough to make them worth thinking twice about.

When the pitchers needed warmth and sunshine at Marlin the weather man served cooling breezes and cloudy skies. The pitchers did not have enough good days to get their arms in any kind of shape and the games since the opening of the season show the result. Hot weather is what the Giant pitchers thrive on.

But the admirers of the Giants say the McGraw men have not struck their stride. And when they do, look out for their dust! The McGraw machine, 1915 model, has less working parts than the old style machine, thanks to the National Commission, but followers of the Giants will not admit fewer men have weakened the team. On May 1 McGraw trimmed his team right down to the bone, letting five promising recruits loose on that date. And what remains of the Giants force is all meat—there's no excess baggage to be pulled half across the continent.

The argument is frequently heard that the Giants need reinforcements and not reductions of their playing talent, but this is beside the point. None of the men who were divorced from the Giant squad this year, because of the limited player rule, could have aided the team to any material extent this season. Probably not a single one would have ever batted a ball in a regular game.

They showed a flash of brilliant form at the opening. Since then they have been coasting. But New York fandom is not discouraged.

The Giants, after all, are New York's baseball idols and the man in the street never loses faith in the gods.

# WAR CAN'T LONG BE POSTPONED

Official Action in Italy is All in That  
Direction and Troops Are Being  
Concentrated.

INTEREST IN ROME INTENSE

Kaiser Warns Italian Government  
That Austria's Cause is Ger-  
many's—Big Crowd Gathers.

(By United Press.)  
Rome, May 7.—The railway ad-  
ministration announced to day the  
suspension of forty passenger  
trains on the main line.

While no information is forth-  
coming, it is understood that this  
action was taken to facilitate the  
movement of troops and the mun-  
itions of war to the concentration  
bases.

Italy has been warned on the con-  
sequences of entering the war on  
the side of the allies. Telegraphing  
from Berlin, to which he had return-  
ed after an inspection of both battle  
fronts, the kaiser notified Prince  
Von Buelow that the English troops  
in the west are useless and that  
within a fortnight the Russians will  
be driven out of Galicia. Italy was  
warned by the kaiser that Austria's  
cause is Germany's and that Aus-  
tria's enemies must be Germany's.  
Because of this, should Italy come  
into the war, she will be opposed by  
a great German army.

The Italian government continues

# COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way Is to  
Dissolve It.

The only sure way to get rid of dan-  
druff is to dissolve it, then you destroy it  
entirely. To do this, get about four  
ounces of ordinary liquid arvon; apply  
it at night when retiring; use enough to  
moisten the scalp and rub it in gently  
with the finger tips.

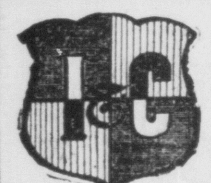

Do this tonight, and by morning most,  
if not all, of your dandruff will be gone,  
and three or four more applications will  
completely dissolve and entirely destroy  
every single sign and trace of it, no  
matter how much dandruff you may have.

You will find, too, that all itching and  
digging of the scalp will stop at once,  
and your hair will be fluffy, lustrous,  
glossy, silky and soft, and look and feel  
a hundred times better.

If you want to preserve your hair, do  
by all means get rid of dandruff, for  
nothing destroys the hair more quickly.  
It not only starves the hair and makes it  
fall out, but it makes it stringy, straggly,  
dull, dry, brittle and lifeless, and every-  
one notices it. You can get liquid arvon  
at any drug store. It is inexpensive and  
never fails to do the work.

one of the most imposing of any club  
in the country.

A number of private dining rooms,  
a Turkish bath and small parlors  
will occupy the second floor. There  
will be a fine roof garden on the top  
of the new addition, although the  
present roof garden may also be re-  
tained.

Although the plans have not been  
decided on by the architects and the  
club officers, it is probable that a  
gymnasium will be installed in the  
basement with a swimming pool and  
billiard room.

The present building was dedica-  
ted on December 31, 1900, and was  
the outgrowth of a marching club  
organized in the campaign of Gen-  
Benjamin Harrison in 1888. The  
idea was conceived by Gen Harrison  
and the club met the various dele-  
gations which came to Indianapolis to

pledge Harrison their support. After  
the campaign the club met in the  
When building. Gen Harrison then  
planned a larger organization, and  
held a meeting in his office, which  
was attended by Benjamin D. Wol-  
cott, Geo. C. Hitt, John C. Wright  
and L. B. and Charles Martindale.  
This committee decided to hold a  
meeting of representative business  
men and so the original marching  
club was formed into the Columbia  
Club.

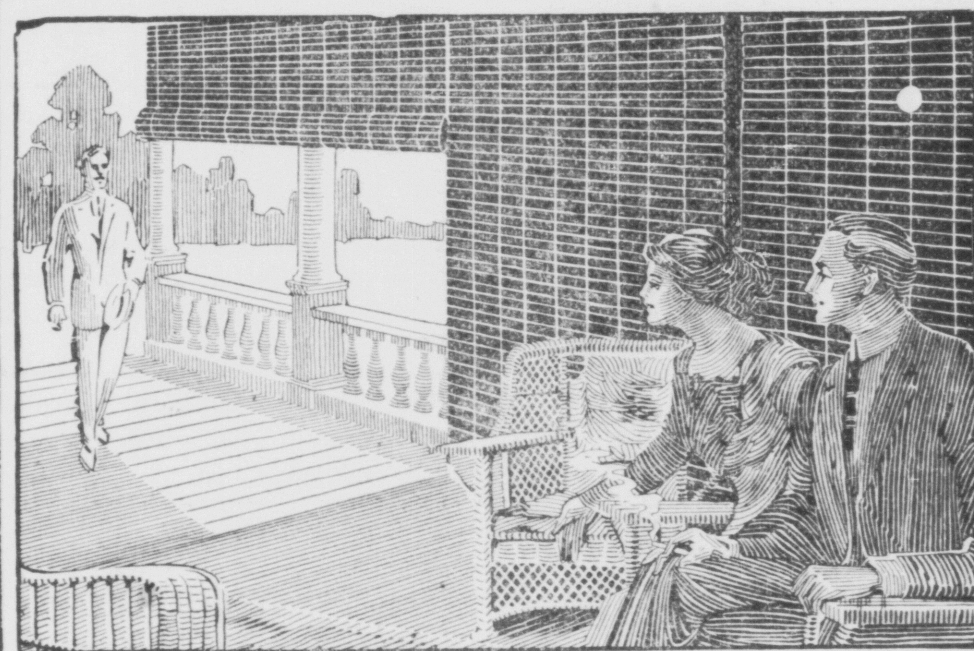

Temporary quarters were obtain-  
ed in the old Meridian Club building  
until 1891. Allen M. Fletcher agreed  
to provide the money to buy the W.  
H. Morrison residence. This build-  
ing was used until the structure on  
Monument Place was completed.

Designs as shown by some firms are more or less freakish or fadish

# WOMAN WOULD NOT GIVE UP

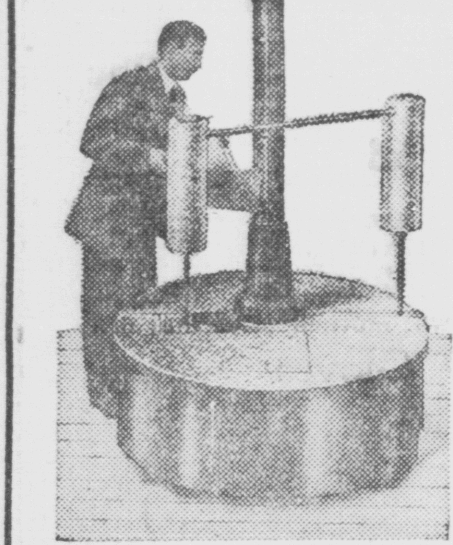

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

A meeting of the stockholders of the United States Board and Paper company of Carthage, which was thrown into the hands of a receiver, Ed N. Hill, Tuesday, will be held in Carthage next Wednesday. It is also stated that the plant has been operating at a loss for some time.

## ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often it's the Back

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night. Backache is often from weak kidneys. In such cases a kidney medicine is needed. Doan's Kidney Pills are for weak kidneys. For backache and urinary ills. Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville, Township, says: "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo N. Y. (Advertisement.)

## Selling Is MORE than Trading Stock for Money!

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and if it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business, so do it now.

## BIG DAMAGE SUIT IS HELD UP A WEEK

Case of John R. Brickert Against Trust Companies And Individuals Postponed Until Saturday.

MAY GO OVER UNTIL MONDAY

The \$50,000 damage suit of John R. Brickert of Fredericksburg, W. Va., against several individuals and trust companies, which was to have started today in the United States court in Indianapolis was postponed until Saturday, but will likely be carried over until Monday because of the rush of other business. The defendants in the suit are the Farmers Trust Company of this city, A. B. Irvin, the Farmers Trust Company of Franklin, the Greenwood Bank, R. A. Brown, of Franklin and Albert Johnston, of Greenwood.

Several witnesses from this city had been called to testify but because another case was not completed a postponement was necessary. The case will be heard by Judge K. M. Landis of Chicago. The suit is for malicious prosecution based on the arrest of Brickert, who was brought here to face a charge of obtaining property under false pretenses.

John Kirkpatrick has purchased a six cylinder Paige touring car.

The case of J. M. Perry against Joel and Lulu Palmer, to foreclose a mechanic's lien, which was dismissed yesterday, was settled. The costs were paid by the defendant.

## Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that Johnson's Drug Store and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place. Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle at Johnson's Drug store and all druggists.

Elmer M. Ryon Brings Replevin Action to Recover Store.

Elmer M. Ryon, by his next friend, James E. Naden, brought suit this afternoon in the circuit court against his father and mother, John and Della Ryon, for possession of the grocery and general store at Neff's corner owned by the Ryons. Elmer Ryon demands \$1,200 in the suit. He alleges that he is the owner of the store and that his father will give him possession. It is a replevin action and Ryon because of the fact that he is not of age brought the suit through James E. Naden.

## NARROWLY MISSES BEING MURDERED

Walter H. Thomas Faces Man on His Car in Colorado Springs Just After One Had Been Shot.

WAS ORDERED TO "BEAT IT"

J. Q. Thomas has received a copy of the Colorado Springs Gazette of Thursday, April 29, which recounts the narrow escape from death which his son, W. H. Thomas, had when Richard P. Harper, a street car motorman, shot and killed John T. Kavanaugh, also a street car motorman, who was running the car on which Mr. Thomas was conductor.

When the car reached the end of the line, Harper, who was a passenger on the car, walked to the fore part of it and shot Kavanaugh in the back as he sat at the wheel. Conductor Thomas rushed inside to learn the cause of the shooting and faced the barrel of the shot gun which Harper leveled at him. He was ordered to "beat it" and he left. Harper then turned the gun on himself. Mr. Thomas went to the nearest telephone station and notified the police and the street car company. No cause for the shooting was assigned.

## LUSITANIA IS SUNK BY A SUBMARINE TODAY

GOES DOWN AT 2:33 THIS AFTERNOON

OF KINSALE.

### NUMBER SAVED IS UNKNOWN

Latest Reports Received at Liverpool  
State All Passengers of Giant  
Cunarder Were Saved.

BEGAN ASKING HELP AT 2:33

Flashed Through the Air—Fish-  
ing Fleet to Her Side.

LIVERPOOL, MAY 7.—AT 5:36  
CUNARD LINE MANAGER SAYS  
THAT THE LUSITANIA WAS  
SUNK BY A SUBMARINE.

HE RECEIVED THE FOLLOW-  
ING WIRELESS FROM OLD HEAD  
OF KINSALE AT 5:49 O'CLOCK.

"THE LUSITANIA WAS SUNK  
BY A SUBMARINE AT 2:33 THIS  
AFTERNOON EIGHT MILES  
SOUTH BY WEST OF OLD HEAD  
OF KINSALE."

### BULLETIN.

LIVERPOOL, MAY 7.—AT 5:36  
THIS AFTERNOON THE AUTHO-  
RITIES DECLARED THEY WERE  
WITHOUT ANY FURTHER DE-  
TAILS OF THE SINKING OF THE  
LUSITANIA. THEY STATED  
THAT IT WAS NOT KNOWN HOW  
MANY HAD BEEN SAVED.

(By United Press.)

London, May 7.—The steamer  
Lusitania which sailed with passengers,  
many of whom were Americans,  
was either torpedoed or blown up by  
an infernal machine while off Old  
Head of Kinsale at 2:33 this after-  
noon. The latest reports received  
here say that all of the passengers  
were saved.

Sinking of the Lusitania was the  
hardest blow of the war to date so  
far as neutral commerce was con-  
cerned. The reports received here  
are fragmentary, but all agree that  
the big liner began calling for help  
by her wireless at 2:33. The first to  
pick her up was the wireless station  
at Lands End. The appeal was  
urgent.

"We have a big list, rush help,"  
flashed through the air and immedi-  
ately orders were sent to the nearest  
point to get every available craft to  
the scene.

The fishing fleet from Kinsale was  
early on the scene and immediately  
began the work of taking on board  
passengers from the big liner. It is  
understood that the Lusitania's own  
boats were used to care for the pas-  
sengers. On all of her recent trips  
these boats have been swung over-  
side and their covers removed ready  
for any emergency and it is probable  
that to this precaution may be due  
the salvation of the passengers.

The first word reaching London of  
the plight of the Lusitania, was an  
unconfirmed rumor received at the  
general offices of the Cunard line. It  
is said that the big steamer was in  
trouble. The line officials made it  
public and promised to keep the  
public informed from time to time.

There was much excitement. There  
had been grave doubts that the Ger-  
mans were in earnest when they  
threatened to attack the passenger-  
carrying liners. The sinking of the  
Falaba had been considered the final  
act of this kind and when it was  
realized that the biggest passenger  
liner in commission had fallen victim  
to the war, London was aghast.

## VEILED WARNINGS ARE RECALLED NOW

As Passengers Boarded Lusitania at  
New York Saturday, They Got  
Anonymous Dispatches.

SAID VESSEL WOULD BE SUNK

(By United Press.)

New York, May 7.—The Lusitania  
sailed from this port last Saturday  
afternoon. She carried nearly 1,400  
passengers among whom are Alfred  
Vanderbilt, Elbert Hubbard, Charles  
Frohman and others well known in  
this country.

When the Lusitania set sail here  
last Saturday, scores of anonymous  
telegrams were delivered to the  
prominent passengers aboard, warn-  
ing them that the Lusitania would  
be sunk on her trip to Liverpool.

Alfred G. Vanderbilt was told in  
one of these mysterious dispatches  
that the vessel would be torpedoed.  
Others were warned that the big  
Cunarder would meet with some dis-  
aster before reaching port.

The messages were followed by the  
circulation of similar veiled warn-  
ings on the pier by mysterious  
strangers. This fact was reported  
to the Cunard private detective force  
and the strangers soon hurried  
away.

None cancelled passage on the  
Lusitania because of the warnings,  
but the activity of the unknown per-  
sons caused an air of uneasiness to  
prevail. Despite the warning, the  
Lusitania carried the largest num-  
ber of passengers in months. She  
broke all previous records for the  
number of second cabin passengers.

London, May 7.—Special dis-  
patches from Peking say that China

tails now remain to be worked out.  
The dispatches say that this will

## DANIEL BROWN HAD A NARROW ESCAPE

Overcome by Smoke Today When  
Home of His Daughter Near  
Anderson Catches on Fire.

HE WAS FINALLY REVIVED

Daniel Brown, a well known resi-  
dent of this city, had a close call  
from death this morning, according  
to word received here by relatives,  
when the country home of Mr. and  
Mrs. Melvin Rector, one and one-  
half miles south of Anderson, burn-  
ed to the ground. Mrs. Rector is a  
daughter of Mr. Brown and he was  
there visiting. According to the in-  
formation sent here, the house was  
in flames before the family was  
aroused and Mr. Brown was carried  
from the house unconscious.

All of the occupants were more or  
less injured from the effects of the  
smoke and in was some time before  
Mr. Brown regained consciousness.  
On account of his advanced age, it  
was feared at first that he might not  
revive, but later regained conscious-  
ness. Mr. and Mrs. Rector only re-  
cently moved to near Anderson. Will  
L. Brown, a son of Daniel Brown,  
went to Anderson this morning.

## S. L. TRABUE IS NAMED PRESIDENT

Board of Directors of Rush County  
Chamber of Commerce Selects  
New Officers.

DUES ARE ALSO REDUCED

Samuel L. Trabue was elected  
president of the Rush County Cham-  
ber of Commerce by the board of di-  
rectors last night. Other officers  
elected were H. G. Hackman, first  
vice-president; W. O. Fendler,  
second vice-president; E. R. Cas-  
ady, third vice-president; L. L. Al-  
len, fourth vice-president; Wilbur  
Stiers, treasurer. The vice-presidents,  
president and treasurer constitute  
the executive committee, which trans-  
acts the routine business of the or-  
ganization.

The board decided to reduce the  
dues from one dollar a month to  
twenty-five cents a month, payable  
quarterly. The new rate is to be  
effective from December 1 and all  
members who are paid in advance of  
that date will be credited in advance  
at the new rate. Members whose  
dues are not paid to December 1 will  
be asked to pay up to that date at  
the old rate so that all will be on an  
equal footing.

Mrs. J. W. Zumwalt entertained  
the Laughalot club yesterday after-  
noon at her home north of the city.

## RAIN HOLDS UP THE EVENT HERE

Because of Wet Track High School  
Track and Field Meet Set For  
Tomorrow is Postponed.

PROBABLY NEXT WEDNESDAY

Oratorical Will Not Take Place Un-  
til Night of Athletic Event—  
Entries Received.

The annual track and field meet  
and oratorical contest of the Cen-  
tral Indiana High School League,  
which was to have been held here  
tomorrow, has been postponed until  
next week, probably Wednesday, be-  
cause of the heavy rains which have  
made the track at the fair grounds  
so muddy that it would be impossible  
to hold the track and field meet.

This morning Superintendent  
Scholl had been in communication  
with four of the five high schools  
entered and they all agreed to post-  
ponement until next Wednesday. It  
was thought that the fifth high  
school, as soon as informed of the  
conditions here, would make it unan-  
imous. The full list of entries has  
been received here and is as follows.

## GERMANS WORE FRENCH UNIFORM

Rushville Women Note Strange Cir-  
cumstance While on German  
Sea Raider at Norfolk.

SAILOR'S DON ENEMY'S SUITS

Mrs. J. P. Guffin and Mrs. Will Dill  
See Interesting Things on Way  
Home From Washington.

Mrs. J. P. Guffin and daughter,  
Mrs. Will Dill, who are just home  
from Washington, D. C., where they  
attended the national congress of  
the D. A. R., made several side  
journeys on their way back and saw  
several things of interest, not the  
least of which was the Prinz Eitel  
Frederich, the celebrated German  
sea raider which has been interned  
at Norfolk.

The Rushville women were taken  
for an inspection of the German  
converted cruiser. A very striking  
thing they noted was that the Ger-  
man sailors were dressed in the uni-  
forms of the sailors of a French  
ship which the Germans had sunk.  
The caps the German sailors wore  
bore the name of the French ship.

Following a visit with relatives at  
Washington, Mrs. Guffin and Mrs.  
Dill took the vessel Southland to  
Norfolk. In the ship yards there  
they saw several large ocean vessels,  
the largest of which was the Balti-  
more. They were allowed to inspect  
it.

They crossed the river to St.  
Helena and attended the Dewy May  
day exercises. A part of the pro-  
gram there was a sham battle in  
which two thousand men partici-  
pated.

The Rushville women went to  
Newport News, where another Ger-  
man sea raider and destroyer was  
interned. The name of that vessel  
was not recalled. They visited at  
Old Point Comfort and taken all  
through Fortress Monroe. While  
they were there, the battleship Wy-  
oming came in for coal.

While it lay there, visitors were  
allowed to go over it at will. Mrs.  
Guffin and Mrs. Dill went aboard  
and the first sailor they spoke to  
was a young man from Anderson,  
Ind. He wanted to show them over  
the ship but was on duty at that  
time.

## PEACE IN EAST IS ASSURED NOW

Group of Five Japanese Demands  
Withdrawn and China Accepts  
Others Which Were Made.

SEVEN ARTICLES IN DEMAND

(By United Press.)

Tokio, May 7.—Peace between  
Japan and China was assured today  
when article five of the Japanese de-  
mands most obnoxious to China and  
other powers was officially with-  
drawn.

Group five of the Japanese de-  
mands, according to the text handed  
the Chinese government in February,  
contained seven articles providing  
for Japanese advisors in Chinese  
political, financial and military af-  
fairs and other comprehensive con-  
cessions. With this important con-  
cession by Japan and the reported  
acceptance by China of Japan's other  
demands, peace seemed certain.

## SEEKS FOR NEW MEMBERS HERE

Representative of Columbia Club  
Works on Campaign to Make it  
Political Factor.

OF STATE-WIDE IMPORTANCE

Number of Republicans Here Join  
and Others Are Expected to  
Help the Cause Along.

E. B. Reynolds, of Columbus, Ind.,  
is here for the purpose of interesting  
Republicans of the city and county  
in the state-wide campaign for new  
members which the Columbia Club,  
of Indianapolis, is carrying on with  
great vigor. Mr. Reynolds has ob-  
tained several new members and is  
expecting to add twenty or twenty-  
five from this vicinity.

Mr. Reynolds can not complete his  
cavass here this week and will re-  
turn to Rushville next Monday. It  
is planned by the members and offi-  
cers of the Columbia Club to make  
it a factor in Indiana politics and  
an organization that shall be state-  
wide in its scope.

The erection of a ten-story addi-  
tion to the present home of the Co-  
lumbia Club has been determined on  
and tentative plans are being made  
now. Work on the addition, which  
will adjoin the present club building  
on the rear, will be begun as soon as  
the preliminaries can be arranged.  
The addition will be constructed of  
Bedford stone or terra cotta in Ital-  
ian renaissance style, harmonizing  
with the present structure. It will  
be triangular in shape.

The plans to enlarge the club-  
house are in keeping with the aim  
of the present administration to  
make the club one of the most pow-  
erful Republican organizations in  
the United States. To attain this  
end a membership campaign is be-  
ing waged which has for its object  
an addition of 5,000 new members,  
3,000 of whom will be scattered  
throughout Indiana.

On the top floor will be the main  
dining room, fifty feet wide and sev-  
enty-five feet long. The main kitch-  
en will adjoin this on the far corner  
of the building, according to present  
plans.

Practically the only changes in  
the old building will be to the lobby  
which will be made larger. The ele-  
vator will be removed from the center  
of the building, practically on what  
is now the rear wall.

Offices, private rooms and card  
rooms will make up the first floor of  
the new building and the space now  
taken up by cigar stand, checkroom  
and staircase will be set aside for  
the new lobby which will be made

### COCOANUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

### Speak a Good Word.

When the stranger enters your gate, speak a good word for your town, for your neighbors, for the community.

It is but little for you to do, but it is rich in the fruits of after years.

A community is judged by the words and the acts of its people, and we of this community are judged by others in like manner.

If the hearts of our people are warmed by the fires of comradeship and brotherly love our acts will be in accord with our feelings, and the world will know us as a community of honor and integrity, as a people with a soul, as a place worthy of a future.

But if we loose the floodgates of criticism and abuse and belittle the community and its people, then in time we will descend to a level which we create for ourselves, and the world will know us as a people whom it is well to let alone.

Everyday we are adding new rungs to the community ladder, but are they going up—or down?

### HOOSIER HISTORY

(Prepared by the United Press from Records in the State Library)  
 Since insanity became a potent factor in civilization and a problem for the state there have been built 5 hospitals in various parts of the state to accommodate the ever increasing number of patients.

The list of institutions includes the Northern, at Logansport; Southern, at Evansville; Eastern at Richmond; Central, at Indianapolis; and South-eastern, at New Madison.

At the state prison, Michigan City, there is a hospital within the prison walls for the care of the criminal insane. This was established in 1909.

William C. Edwards, member of the Senate of Canada, is 69 years old today.

Charles Lathrop Pack, president of the National Conservation Congress is 56 years old today.

### TODAY'S ODDDEST STORY.

Oakland, Cal., May 7.—If all wives were as well developed as Jess Willard there would be no need of courts to punish deserting husbands, William J. Hennessy, city prosecutor, who handles all desertion cases, declared today. From his observations, Hennessy said, it is only the "doll" women who are given the "shake." When the woman has misdeeds which are in the words of the poet Longfellow, "strong as iron bands," hubby stands in wholesome fear of the flying flat iron and drops his pay envelope unopened in wife's apron every Saturday night.

Hennessy also opines that children are a guarantee of marital permanence, that poverty causes most desertions, that Italians seldom leave their wives, while Americans frequently do.

## OBSERVANCE IN SCHOOLS ASKED

County Superintendent Receives Letter From State Superintendent About Mother's Day.

### AND IN INTERESTS OF PEACE

Opportunity of the School to Develop Immortal Principles is Unparalleled Official Says.

County Superintendent George has received a letter from Charles A. Graethouse, state superintendent of public instruction, suggesting that exercises be held on a day in May in the interest of motherhood and the preservation of peace. The letter follows:

"In harmony with the custom of previous years and in support of a firm conviction that the very foundation of a wholesome national life depends upon respect for parents reverence for home, and loyalty those principles and lines of conduct that promote a true sense of justice and an earnest recognition of the rights of others, I am addressing this letter to school officials in Indiana, inviting suitable observance on some day or portion a day in the month of May, in the interest of motherhood and the home, and the preservation of national and international peace.

"Daniel Webster once said: 'If we work upon marble it will perish; if we work upon brass time will efface it; if we rear temples they will crumble into dust; but if we work upon immortal souls, if we imbue them with immortal principles, with the just fear of God and love of fellow man, we engrave upon those tablets something that will brighten all eternity.'

"The opportunity of the school to develop these immortal principles of kindness, sympathy and unselfishness in home and national life is unparalleled. Will you not kindly acquaint the schools in your county, that are still in session, with this request and assist in making this occasion fruitful in its instruction and its influence upon patrons as well as pupils?"

## \$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:  
 "Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

### SHEENEY AUG IS PLAYING THIRD

Fans Here Are Acquainted With at  
Least One Member of the Cam-  
bridge City Team.

#### HARD GAME FOR RUSHVILLE

Dr. Littell Announces His Lineup  
and Says Team is Coming to  
Win—Expect Large Crowd.

In the Cambridge City line up for the game Sunday will be seen one face familiar to the fans here. That is "Sheeney" Aug, who one time played third base for Rushville. Aug is playing third for Cambridge City. Aug is a good third baseman and is heavy for the comedy stuff. He is a good fielder but a hitless wonder.

Cambridge City will line up as follows: Striker, right field; Williams, second base; Yockey, short stop; Winger, first base; Henniger, catcher; Baumgartner, left field; Lichendahl, center field; Mollenkamp or Nunn, pitcher. Dr. Littell of Cambridge City is confident that this lineup will beat Rushville. In the lineup are several good ball players and many of them have had league experience. Cliff Kockey, who is playing short for Cambridge has been out several seasons and is considered a clever shortstop.

Dr. Littell will probably start Mollenkamp in the box. If Mollenkamp is right the Rushville team is likely to have some difficulty in connecting with the ball. A large crowd of Cambridge City rooters will accompany the team here and the fans can expect a real ball game. Rushville will play only the best of teams during the year and the Cambridge City team may come a little too early for the Rushers, but win, lose or draw the Rushers will be in the game all the time.

The Rushville team will use the regular lineup as follows: Helmaund, center field; Cordes, left field; Rohe, third base; Geyer, right field; Sandman, first base; Schlenker, second base; Hasselback, short stop; Goodfellow, catcher, and Vordenburg or Daey, pitcher.

In the short time that the team was seen in action last Sunday the fans know that Rushville has a real ball team. The team is composed of hitters and best of all the team has the baseball knowledge. In George Rohe, at third base the team has a most valuable man. Rohe formerly played with the Chicago White Sox and won the world's series for his team in 1906. With Rohe and the other old heads the team should play some wonderful inside baseball before the season is far advanced. The game Sunday will start at 2:15 and one of the largest crowds of the season is expected as the Cambridge City team is a good attraction.

### HAVE NOT LOST FAITH IN GIANTS

Despite Poor Showing Of McGraws  
Team Fans Are Willing To With-  
hold Judgment Until Later

#### SPRING TRIP RESPONSIBLE

Encounters Bad Weather At Marlin  
And Pitchers Were Not Ready  
Yet When Season Opened

BY HAL SHERIDAN  
(Written for United Press.)

New York, May 7.—New York fans are indulging in heated arguments over the all important and absorbing question of whether the cause of the Giants poor condition can be traced back to the training camp. It would seem, for appearance anyway, that this is at least a contributory cause, for while the famed diamond idols of New York fandom have been limping along the baseball highway the Yankees have been within walking distance of the top of their league on quite a few occasions. The Yankees' performances indicate that their severe spring training is showing in the position they occupy in the standing of the clubs of the American League.

In all the winter league "dope" the Giants were rated as sure contenders for the big flag right from the start of the season. Then came the spring training period and from the sport scribes traveling with McGraw's men came glowing accounts of the Giants being in the pink of condition. However, when the Giants returned to their old home town the baseball fans soon saw that there was not even a shadow of color in the former champions playing condition.

Of course the Giants had a big bunch of hard luck at their training quarters, wet grounds often kept them for days without regular field practice at Marlin and a warm sunny day was a rarity. Hotel armchair practice don't help much in the grand old game. Of the month spent in the sometimes sunny south less than one third of this time was really baseball weather. And not even these days which could be called ideal baseball days were bunched near enough to make them worth thinking twice about.

When the pitchers needed warmth and sunshine at Marlin the weather man served cooling breezes and cloudy skies. The pitchers did not have enough good days to get their arms in any kind of shape and the games since the opening of the season show the result. Hot weather is what the Giant pitchers thrive on.

But the admirers of the Giants say the McGraw men have not struck their stride. And when they do, look out for their dust! The McGraw machine, 1915 model, has less working parts than the old style machine, thanks to the National Commission, but followers of the Giants will not admit fewer men have weakened the team. On May 1 McGraw trimmed his team right down to the bone, letting five promising recruits loose on that date. And what remains of the Giants force is all meat—there's no excess baggage to be pulled half across the continent.

The argument is frequently heard that the Giants need reinforcements and not reductions of their playing talent, but this is beside the point. None of the men who were divorced from the Giant squad this year, because of the limited player rule, could have aided the team to any material extent this season. Probably not a single one would have ever batted a ball in a regular game.

They showed a flash of brilliant form at the opening. Since then they have been coasting. But New York fandom is not discouraged.

The Giants, after all, are New York's baseball idols and the man in the street never loses faith in the gods.

# WAR CAN'T LONG BE POSTPONED

Official Action in Italy is All in That  
Direction and Troops Are Being  
Concentrated.

INTEREST IN ROME INTENSE

Kaiser Warns Italian Government  
That Austria's Cause is Ger-  
many's—Big Crowd Gathers.

(By United Press.)  
Rome, May 7.—The railway ad-  
ministration announced to day the  
suspension of forty passenger  
trains on the main line.

While no information is forth-  
coming, it is understood that this  
action was taken to facilitate the  
movement of troops and the mun-  
itions of war to the concentration  
bases.

Italy has been warned on the con-  
sequences of entering the war on  
the side of the allies. Telegraphing  
from Berlin, to which he had return-  
ed after an inspection of both battle  
fronts, the kaiser notified Prince  
Von Buelow that the English troops  
in the west are useless and that  
within a fortnight the Russians will  
be driven out of Galicia. Italy was  
warned by the kaiser that Austria's  
cause is Germany's and that Aus-  
tria's enemies must be Germany's.  
Because of this, should Italy come  
into the war, she will be opposed by  
a great German army.

The Italian government continues

# COMBING WON'T RID HAIR OF DANDRUFF

The Easiest and Best Way Is to  
Dissolve It.

The only sure way to get rid of dan-  
druff is to dissolve it, then you destroy it  
entirely. To do this, get about four  
ounces of ordinary liquid arvon; apply  
it at night when retiring; use enough to  
moisten the scalp and rub it in gently  
with the finger tips.

Do this tonight, and by morning most,  
if not all, of your dandruff will be gone,  
and three or four more applications will  
completely dissolve and entirely destroy  
every single sign and trace of it, no  
matter how much dandruff you may  
have.

You will find, too, that all itching and  
digging of the scalp will stop at once,  
and your hair will be fluffy, lustrous,  
glossy, silky and soft, and look and feel  
a hundred times better.

If you want to preserve your hair, do  
by all means get rid of dandruff, for  
nothing destroys the hair more quickly.  
It not only starves the hair and makes it  
fall out, but it makes it stringy, straggly,  
dull, dry, brittle and lifeless, and every-  
one notices it. You can get liquid arvon  
at any drug store. It is inexpensive and  
never fails to do the work.

A number of private dining rooms,  
a Turkish bath and small parlors  
will occupy the second floor. There  
will be a fine roof garden on the top  
of the new addition, although the  
present roof garden may also be re-  
tained.

Although the plans have not been  
decided on by the architects and the  
club officers, it is probable that a  
gymnasium will be installed in the  
basement with a swimming pool and  
billiard room.

The present building was dedica-  
ted on December 31, 1900, and was  
the outgrowth of a marching club  
organized in the campaign of Gen-  
Benjamin Harrison in 1888. The  
idea was conceived by Gen Harrison  
and the club met the various delega-  
tions which came to Indianapolis to

pledge Harrison their support. After  
the campaign the club met in the  
When building. Gen Harrison then  
planned a larger organization, and  
held a meeting in his office, which  
was attended by Benjamin D. Wol-  
cott, Geo. C. Hitt, John C. Wright  
and L. B. and Charles Martindale.  
This committee decided to hold a  
meeting of representative business  
men and so the original marching  
club was formed into the Columbian  
Club.

Temporary quarters were obtain-  
ed in the old Meridian Club building  
until 1891. Allen M. Fletcher agreed  
to provide the money to buy the W.  
H. Morrison residence. This build-  
ing was used until the structure on  
Monument Place was completed.

# WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Owners of Carthage Plant Called For Session May 12.

A meeting of the stockholders of the United States Board and Paper company of Carthage, which was thrown into the hands of a receiver, Ed N. Hill, Tuesday, will be held in Carthage next Wednesday. Bad market conditions affecting the manufacture and sale of boxboard, the product of the plant, was the reason for the receivership, the Carthage Citizen says. It is also stated that the plant has been operating at a loss for some time.

## ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often it's the Back

Many people have a weak spot. Too often it's a bad back.

Twinges follow every sudden twist. Dull aching keeps up day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Carthage, Rushville, Township, says:

"Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo N. Y. (Advertisement.)

## Selling Is MORE than Trading Stock for Money!

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business, so do it now.

## BIG DAMAGE SUIT IS HELD UP A WEEK

Case of John R. Brickert Against Trust Companies And Individuals Postponed Until Saturday.

MAY GO OVER UNTIL MONDAY

The \$50,000 damage suit of John R. Brickert of Frederickburg, W. Va., against several individuals and trust companies, which was to have started today in the United States court in Indianapolis was postponed until Saturday, but will likely be carried over until Monday because of the rush of other business. The defendants in the suit are the Farmers Trust Company of this city, A. B. Irvin, the Farmers Trust Company of Franklin, the Greenwood Bank, R. A. Brown, of Franklin and Albert Johnston, of Greenwood.

Several witnesses from this city had been called to testify but because another case was not completed a postponement was necessary. The case will be heard by Judge K. M. Landis of Chicago. The suit is for malicious prosecution based on the arrest of Brickert, who was brought here to face a charge of obtaining property under false pretenses.

John Kirkpatrick has purchased a six cylinder Paige touring car.

The case of J. M. Perry against Joel and Lulu Palmer to foreclose a mechanic's lien, which was dismissed yesterday, was settled. The costs were paid by the defendant.

## Rheumatism In Joints

Pain Disappears and Swelling Vanishes in a Few Days.

That is what happens if you use Rheuma, the wonderful remedy that Johnson's Drug Store and all druggists sell on the "money back if not cured" plan. There is a vast amount of rheumatism in this vicinity, and if you know any sufferer, call his attention to this generous offer.

Rheuma is a quick-acting prescription. You will know your rheumatism is leaving 24 hours after you take the first dose. It dissolves the uric acid and drives it from its lodging place. Mrs. Alice A. Brown, Ithaca, N. Y., writes: "For seven years I suffered greatly with rheumatism in my hip; at night I was scarcely able to sleep. One bottle of Rheuma cured me."

That sounds miraculous, but Rheuma does miraculous things. Fifty cents a bottle at Johnson's Drug store and all druggists. (Advertisement.)

## BOY SUES HIS PARENTS

Elmer M. Ryon Brings Replevin Action to Recover Store.

Elmer M. Ryon, by his next friend, James E. Naden, brought suit this afternoon in the circuit court against his father and mother, John and Della Ryon, for possession of the grocery and general store at Nett's corner owned by the Ryons. Elmer Ryon demands \$1,200 in the suit. He alleges that he is the owner of the store and that his father will give him possession. It is a replevin action and Ryon because of the fact that he is not of age brought the suit through James E. Naden.

## NARROWLY MISSES BEING MURDERED

Walter H. Thomas Faces Man on His Car in Colorado Springs Just After One Had Been Shot.

WAS ORDERED TO "BEAT IT"

J. Q. Thomas has received a copy of the Colorado Springs Gazette of Thursday, April 29, which recounts the narrow escape from death which his son, W. H. Thomas, had when Richard P. Harper, a street car motorman, shot and killed John T. Kavanaugh, also a street car motorman, who was running the car on which Mr. Thomas was conductor.

When the car reached the end of the line, Harper, who was a passenger on the car, walked to the fore part of it and shot Kavanaugh in the back as he sat at the wheel. Conductor Thomas rushed inside to learn the cause of the shooting and faced the barrel of the shot gun which Harper leveled at him. He was ordered to "beat it" and he left. Harper then turned the gun on himself. Mr. Thomas went to the nearest telephone station and notified the police and the street car company. No cause for the shooting was assigned.
